

Name: _____

Assessment by: _____

1 **Weekly Reports** # number of Padlet entries

max. 10 points

2 **Questionnaires** # points in OPAL questionnaires

max. 20 points

3	Topic	☐ Topic(s) found ☐ One dataset ☐ Hypotheses ☐ Topics explained	☐ Suitable topic selected ☐ Several data sets ☐ Suitable hypotheses ☐ Datasets described	☐ Datasets available ☐ Suitable datasets
4	Data	☐ Diagram ☐ Script or spreadsheet ☐ Data converted ☐ Data description ☐ Data types classified ☐ Diagram appropriate ☐ Conversion works	☐ Clean data ☐ Diagrams explained ☐ Conversion appropriate ☐ Data suitable for hypotheses ☐ Data types correct ☐ Data complete without redundancies ☐ Preliminary statistics ☐ Graphs or diagrams	☐ Conversion repeatable ☐ Data ready for application ☐ Merging of datasets appropriate ☐ Comprehensive statistics ☐ Excellent graphs and diagrams
5	Concept	☐ Goals formulated ☐ – InfoVis taxonomy used ☐ Requirements formulated ☐ – Precise and suitable ☐ Moodboard ☐ At least one wireframe ☐ Multiple wireframes ☐ Storyboard	☐ Goals and requirements match hypotheses ☐ High quality moodboard ☐ Consistent wireframes ☐ High quality wireframes ☐ High quality storyboard ☐ Consistent storyboard ☐ Storyboard description	☐ Style, layout, and colors of app in Moodboard ☐ Storyboards covers goals ☐ Complete and sound storyboard description ☐ Wireframes clearly illustrate layout and features ☐ Excellent overall quality
6	Implementation	☐ Technologies well described ☐ Overview exists and fits application ☐ Features documented ☐ Screenshots available	☐ All features documented ☐ References, Links, etc. documented ☐ Appropriate screenshots in high quality	☐ Overview excellent ☐ Style excellent ☐ Explanations fit screenshots
7	Documentation	☐ Documentation exists and includes topic, data, concept, and implementation	☐ Scientific writing style ☐ Citations correct	☐ Structure and argumentation sound ☐ No redundancies or superfluous information
8	Prototype (points x2)	☐ Code delivered and accessible ☐ Code compiles without problems ☐ Code executes without problems	☐ Prototype implements original goals and requirements ☐ Visualization is bug-free ☐ Interaction is bug-free	☐ Data can be exchanged / updated easily ☐ Prototype implements further features ☐ Extensibility and configurability ☐ Excellent quality
9	Presentations	☐ Interim presentation including slides ☐ Final presentation including slides	☐ Interim presentation length of talk and style ☐ Final presentation length of talk and style	☐ Active participation in discussions
